WHO WE SERVE

Doesn't everyone
deserve the opportunity
to thrive?

Think back over the course of your
life. Who was there for you? A
parent, a teacher, a friend, a mentor?

Who cheered for you, lifted you up, stood by your
side? Who supported your health, your education,
your safety, your well-being?

Who and where would you be without them?

We are a vital
support system
for thousands
of people in
countless
communities.

WHAT WE DO

We feed the minds who are hungry to learn.

YES! Youth Employment Services provides foster youth in our care with employment coaching, workforce readiness, internships, summer employment, full-time employment, and educational support.

58%

Nationally, only 58% of foster youth graduate high school, only 50% are employed by 24, and fewer than 3% earn a college degree.

100%

100% of the youth who graduate from the YES! Program curriculum graduate from high school and find employment or pursue higher education.

HOW YOU CAN HELP

When you meet
innovation with
donation

you open the
door to possibility.

THE IMPACT: A PERSONAL STORY

Yushishia's Story

“I first came into care with Catholic Guardian Services when I was 1 year old. As a teenager, I wasn't sure what the future held for me once I aged out of foster care. The YES! staff mentored me and supported me. They helped me challenge myself, mentally, educationally, and spiritually and I thank them for that. ”

In 2021, Catholic Guardian was recognized by the New York City legislature for having one of the highest percentages of young adults in college of any foster care agency in New York.

Through our YES! program, our dedicated coaches and mentors empower our youth to build promising futures free from homelessness, substance abuse, incarceration, and financial dependency.

**LEVERAGING THE POWER OF
CATHOLIC GUARDIAN SERVICES**

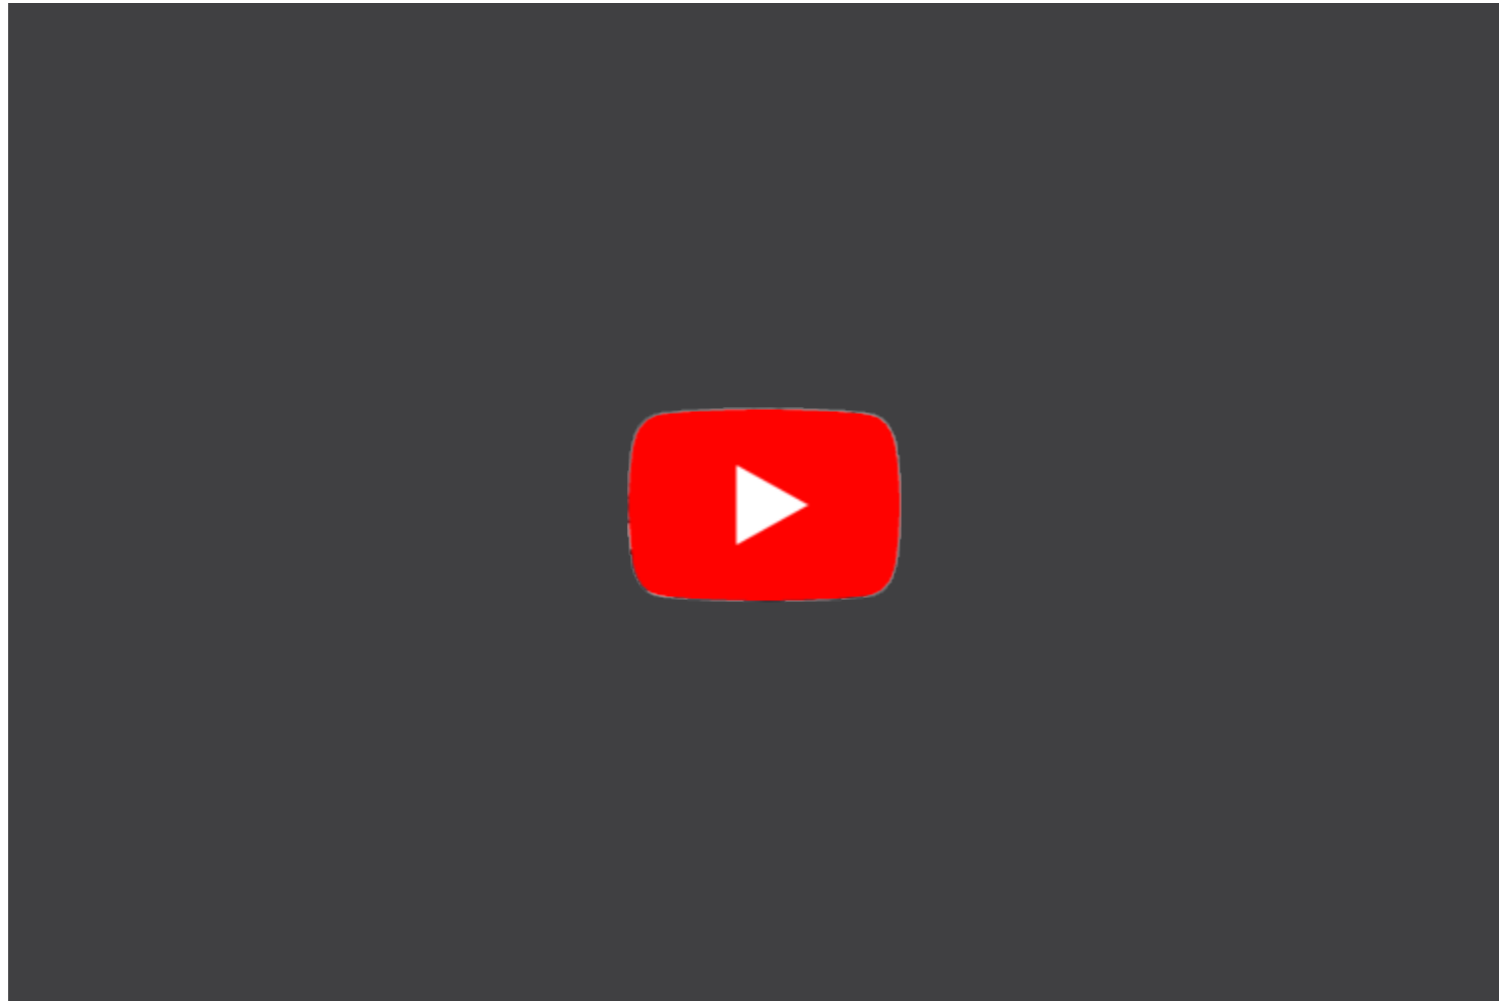

Your donation
multiplied by the power
of Catholic Guardian.

By meeting need with innovation,
we are achieving results no one else
can match.

Every day, we serve more than 3,000 individuals and 1,400 families, regardless of a person's life circumstances or their religious, racial, or national background. We value all life and believe there is a direct connection between a person's success, health, and happiness, and the strength of their family unit.
